american motorcyclist magazine the official journal of the american motorcyclist associaton tells the stories of the people who make motorcycling the sport that it is it s available monthly to ama members become a part of the largest most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800 ama join

there is growing awareness of environmental pollution but the problem of abatement and control remains unsolved this is due to lack of knowledge in monitoring methodology and control measures in our teaching programmes an attempt is made in this book to fill up this gap the introductory chapter covers grim picture of pollution in india and abroad this is followed by discussion on choice of methods of monitoring and brief account of modern methods of environmental analysis the consideration of air pollution will not be complete without the knowledge of air pollution meterology and monitoring and it is covered in next few chapters the water pollution not only considers mode of analysis but also of treatment the challenging problem is posed by industrial effluent and sewage from the viewpoint of treatment and control agricultural pollution largely encompasses ill effects of pesticides which are separately discussed the solid waste hazardous waste and biomedical waste are new problems of this century an upto date account on their characteristion treatment and disposal are given next chapters noise pollution thermal pollution radiation hazards have their own role to play their abetment is must inspite of

collecting large data on pollution future planning and control cannot be undertaken without the knowledge of environmental impact assessment and environmental modelling these topics are briefly covered at end of book this book should be indispensable for graduate and post graduate programmes in environmental science and engineering with due emphasis on monitoring and control adequate references are provided in each chapter and also in bibliography this will help serious workers in environmental technology practicing chemist and environmental engineers

includes summarized reports of many bee keeper associations
