hailed by the new york times as probably the most important economist in the world jeffrey sachs is internationally renowned for his work around the globe advising economies in crisis now he draws on all he has learned from twenty five years of work to offer a uniquely informed vision of the keys to economic success in the world today and the steps that are necessary to achieve prosperity for all marrying vivid passionate storytelling with profound rigorous analysis jeffrey sachs explains why over the past two hundred years wealth has diverged across the planet and why the poorest nations have so far been unable to improve their lot he explains how to arrive at an in depth diagnosis of a country s economic challenges and the options it faces he leads readers along the same learning path he himself followed telling the stories of his own work in bolivia poland russia india china and africa to bring us to a deep understanding of the challenges faced by developing nations in different parts of the world finally he offers an integrated set of solutions to the interwoven economic political environmental and social problems that most challenge the world s poorest countries and indeed the world ultimately the end of poverty leaves readers with an understanding not just of how grave the problem of poverty is but how solvable it is and why making the necessary effort is a matter of both moral obligation and strategic self interest of the rich countries a work of astounding intellectual vision that grows out of unprecedented real world experience the end of poverty is a road map to a safer more prosperous world for us all

the must read summary of jeffrey d sachs s book the end of poverty economic possibilities for our time this complete summary of the end of poverty by jeffrey d sachs a renowned economist presents his examination of what needs to be done to finally put an end to extreme poverty and to guarantee a basic level of sanitation housing health and nutrition to even the poorest communities added value of this summary save time understand what must be done to end extreme poverty throughout the world expand your knowledge of international politics and economics to learn more read the end of poverty and discover the necessity of guaranteeing a basic level of sanitation housing health and nutrition to the world s poorest

hailed by time as one of the world s 100 most influential people jeffrey sachs is world renowned for his work around the globe advising economies in crisis he has advised a broad range of world leaders and international institutions on the challenges of hyperinflation disease post communist transition and extreme poverty now at last he draws

on all he has learned from twenty five years of work to offer a uniquely informed vision of the keys to economic success in the world today and the steps that are necessary to achieve prosperity for all

about the book the end of poverty is economist jeffrey sachs exploration of the notion that extreme poverty defined by the world bank as living on less than 1 per day 2005 can be eradicated from the globe by the year 2025 his dynamic outlook on the nature of extreme poverty launched the book onto the new york times bestseller list the end of poverty is a product of sachs extensive and decorated career as an economist and economic advisor and it has been praised widely for its economic and moral astuteness meet the author john is a recent college graduate from boston and an aspiring novelist he spends time reading writing traveling and studying swahili spanish and french excerpt from the book around 1800 europe entered the industrial revolution with a massive head start over the rest of the world lead in particular by britain development in other regions was vastly slower due to britain s advantageous confluence of politics geography and resource base this advantage allowed britain and other european empires to rapidly gain colonial control of most of africa large parts of asia and key aspects of trade in south america the colonial rulers shaped economic growth of those regions for european benefit rather than for independent growth compounding the development gap

jeffrey sachs draws on his remarkable 25 years experience to offer a thrilling and inspiring vision of the keys to economic success in the world today marrying vivid storytelling with acute analysis he sets the stage by drawing a conceptual map of the world economy and explains why over the past 200 years wealth and poverty have diverged and evolved across the planet and why the poorest nations have been so markedly unable to escape the trap of poverty sachs tells the remarkable stories of his own work in bolivia poland russia india china and africa to bring readers with him to an understanding of the different problems countries face in the end readers will be left not with an understanding of how daunting the world s problems are but how solvable they are and why making the effort is both our moral duty and in our own interests

named one of the best books of the year by bloomberg forbes the spectator recipient of foreign policy s 2013 albie award a powerful portrayal of jeffrey sachs s ambitious quest to end global poverty the poor you will always have with you to cite the gospel of matthew 26 11 jeffrey sachs celebrated economist special advisor to the secretary general of the united nations and author of the influential bestseller the end of poverty disagrees in his view poverty is a problem that can be solved with single minded determination he has attempted to put into practice his theories about ending extreme poverty to prove that the world s most destitute people can be lifted onto the ladder of development in 2006 sachs launched the millennium villages project a daring five year experiment designed to test his theories in africa the first millennium village was in sauri a remote cluster of farming communities in western kenya the initial results were encouraging with his first taste of success and backed by one hundred twenty million dollars from george soros and other likeminded donors sachs rolled out a dozen model villages in ten sub saharan countries once his approach was validated it would be scaled up across the entire continent at least that was the idea for the past six years nina munk has reported deeply on the millennium villages project accompanying sachs on his official trips to africa and listening in on conversations with heads of state humanitarian organizations rival economists and development experts she has immersed herself in the lives of people in two millennium villages ruhiira in southwest uganda and dertu in the arid borderland between kenya and somalia accepting the hospitality of camel herders and small hold farmers and witnessing their struggle to survive munk came to understand the real life issues that challenge sachs s formula for ending global poverty the idealist is the profound and moving story of what happens when the abstract theories of a brilliant driven man meet the reality of human life

widely adopted this text critically evaluates the leading theories of international economic development from classical economic and sociological models to marxist poststructuralist and feminist perspectives no other book provides such comprehensive coverage or links the theories as incisively to contemporary world events and policy debates reexamining neoliberal conceptions of economic growth the authors show what a more just and democratic form of development might look like today

this book discusses the effectiveness of international development programs in african

informal settlements slums it also represents the voices of slum dwellers and how they view the programs offered with over 60 of africans living in slums the book intends to foster dialogue among development professionals to determine how to improve service to their clients people experiencing extreme poverty this book examines the critical thinking disconnect between development professionals and slum dwellers it enables practitioners professors and their students to investigate the gap between the types of development programs offered versus what is most beneficial to reduce extreme poverty in slum communities with a sample of 500 residents from mukuru slum in nairobi kenya and 100 development professionals with expertise in poverty reduction in slums this book sheds light on the similarities and differences between various programs most importantly this book provides a theoretical way forward the theory of extreme poverty reduction based on freirean pedagogy to stimulate discussion on how to program new strategies for authentic dialogue with slum dwellers that leads to the critical consciousness necessary for successful poverty reduction

in 2000 the world s leaders and experts agreed that the eradication of hunger was the essential task for the new millennium yet in the last decade the price of wheat soya and rice have spiraled seen by many as the cause of widening poverty gap and political unrest from the arab spring to latin america this food crisis has condemned the bottom billion of the world s population who live on less than 1 a day to a state of constant hunger in the reproach of hunger leading expert on humanitarian aid and development david rieff goes in search of the causes of this food security crisis as well as the failures to respond to the disaster in addition to the failures to address climate change poor governance and misguided optimism rieff cautions against the increased privatization of aid with such organization as the gates foundation spending more that the who on food relief the invention of the celebrity campaigner from bono to jeffrey sachs whose business led solutions have robbed development of its political urgency the hope that the crisis of food scarcity of food production can be solved by a technological innovation in response rieff demands that we rethink the fundamental causes of the world s grotesque inequalities and see the issue as a political challenge we are all failing to confront

monthly current affairs magazine from a christian perspective with a focus on politics society economics and culture

rizvi and lingard s account of the global politics of education is thoughtful complex and compelling it is the first really comprehensive discussion and analysis of global trends in education policy their effects structural and individual and resistance to them in the enormous body of writing on globalisation this book stands out and will become a basic text in education policy courses around the world stephen j ball karl mannheim professor of sociology of education institute of education university of london uk in what ways have the processes of globalization reshaped the educational policy terrain how might we analyse education policies located within this new terrain which is at once local national regional and global in globalizing education policy the authors explore the key global drivers of policy change in education and suggest that these do not operate in the same way in all nation states they examine the transformative effects of globalization on the discursive terrain within which educational policies are developed and enacted arguing that this terrain is increasingly informed by a range of neo liberal precepts which have fundamentally changed the ways in which we think about educational governance they also suggest that whilst in some countries these precepts are resisted to some extent they have nonetheless become hegemonic and provide an overview of some critical issues in educational policy to which this hegemonic view of globalization has given rise including devolution and decentralization new forms of governance the balance between public and private funding of education access and equity and the education of girls curriculum particularly with respect to the teaching of english language and technology pedagogies and high stakes testing and the global trade in education these issues are explored within the context of major shifts in global processes and ideological discourses currently being experienced and negotiated by all countries the book also provides an approach to education policy analysis in an age of globalization and will be of interest to those studying globalization and education policy across the social sciences

global political leadership explores contemporary shifts in leadership and the related leadership crisis in the global world globalization is now perceived as a threatening and hostile force with many of its advocates and political supporters turning away from it but its processes cannot be reversed new powers emerge old ones re emerge and uncertainty

about the future global order is increasing this book tells the inside stories of global power games and asks important questions about the leadership crisis in the western world the author provides an interpretative framework for contemporary shifts within the western political sphere based on the concept of global leadership this framework presents the nature of the transformation caused by global processes as part of which force and coercion have ceased to be the main modus operandi of the international realm the issue of global political leadership has often been neglected in international relations literature while being widely exploited by managerial and organizational studies however all social organizations have gone global within the last several decades they are more interconnected and more dependent on global processes so the question of effective leadership strategies matching these new realities is highly necessary even or especially at a time when globalization is no longer seen as a leading political programme this book will be of great interest to students and scholars of global affairs politics and international relations leadership and development and diplomatic studies the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives 4.0 license

the hegemony of human egoism altruism economics and selfishness economic systems as institutionalized selfishness development or egoism egoism and multinational corporations egosim and the environment contemporary environmental crisis and responses industrialized countries development and environment experiences african development and environmental experiences education for altruistic egoism conclusion

this volume brings emerging research on religion and development into conversation with politics deploying innovative conceptual frameworks and drawing on empirical research from across contemporary asia this collection makes an incisive contribution to the analysis of aid and development processes

this book addresses the state of poverty and its effects on education and development it is organised into two sections poverty socio economics poverty and gender section one focuses on the state of the lives of the peoples in africa as a result of poverty these chapters raise arguments to challenge the status quo as unacceptable the second section of the book focuses on poverty in relation to gender it explores how lack of education and inequality of females in the society can impact poverty of the nation in general these chapters discuss the influential factors of poverty in asia and africa and how it enriches the section by looking into appalachian single mothers lived experiences from the south eastern portion of the us

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

scientific essay from the year 2011 in the subject politics topic development politics course development economics language english abstract regarding development aid there are several ways which have been discussed and conducted in recent years this short paper gives a short overview over some of the most important strategies and ideas
